

## **INVITATION**

14.04. 2021

Office of RAPA Berat

### **Final Conference of the project LASPEH**

National Agency of Protected Areas, NAPA and the Regional Administrative of Protected Area, RAPA Berat has the pleasure to invite you to the Final Conference of the project LASPEH, which will be organized in office of RAPA Berat on 14 April 2021.

The project LASPEH - "Low Adriatic Species and Habitat", is co-funded by the Interreg IPA CBC Italy-Albania-Montenegro Programmer.

In Albania this project LASPEH implemented several activities for the better management of conservation plans on priority species in the pilot area, National Park "Tomorri Mountain", Berat.

National Park of "Tomorri Mountain" is one of the few examples of how the joint efforts could be successful in sustaining the community in using the services of the park in a sustainable way.

NAPA is promoting Protected Areas and support the biodiversity safeguard reducing the contractions of biological diversities.

**Zamir DEDEJ**

General Director of National Agency of Protected Areas
